

# Advocacy

Advocacy is when you get support to have your say.

## How an Advocate can help

They will talk to you to find out what you want and how you feel.

They will listen to you.

They will find information to help you make choices.

They can talk to other people or groups for you.

They can help you say what you think about your Employment support

## What you need to know

You can choose your advocate.

Your advocate can support you to have a say if you are not happy with your service.

Your advocate will ask you if you want help. It is ok to say yes or no.

Your advocate will only talk to other people

- when you want them to
- or if you or someone you know might get hurt
- when the law says they have to
